This Safety Data Sheet is prepared voluntarily: it is not required according to Article 31 of Regulation (EC) No 1907/2006.

Section 1 – Identification of the mixture and of the company

1.1 Product identifier

Roxtec Lubricant Blue

1.2 Relevant identified uses of the substance or mixture and uses advised against

Lubrication of Roxtec sealing system components.

1.3 Details of the supplier of the safety data sheet

Roxtec International AB
Box 540, 371 23 Karlskrona, Sweden
Phone: +46 455 36 67 00
Fax: +46 455 820 12
info@roxtec.com
www.roxtec.com

1.4 Emergency telephone numbers

Roxtec International AB
Phone: +46 455 36 67 00
Hours of operation: 8:00 - 16:00 CET
Information limitations: Information in English only!

Section 2 – Hazards identification

2.1 Classification of the substance or mixture

The product is not classified as hazardous according to the CLP regulation EC 1272/2008 or the Globally Harmonized System of Classification and Labelling of Chemicals (GHS) 2015 Rev. 6.

The product is not covered by the safety data sheet requirements under Reach EC 1907/2006 Art. 32 or the Globally Harmonized System of Classification and Labelling of Chemicals (GHS) 2015 Rev. 6.

2.2 Label elements

The product contains no substances, or concentration levels thereof, that require marking or need to be declared.

2.3 Other hazards

The product contains no PBT or vPvB substances.

Section 3 – Composition/information on ingredients

3.1 Substance

Not applicable. The product is a mixture.

3.2 Mixture

The product contains no substance or concentration level that need to be declared.

Section 4 – First-aid measures

4.1 Description of first-aid measures

Skin contact: Wash with soap and water.

Eye contact: Rinse thoroughly with clean water.

4.2 Most important symptoms and effects, both acute and delayed

May cause mild irritation in case of skin or eye contact.

4.3 Indication of any immediate medical attention and special treatment needed

No immediate medical attention or special treatment is needed. Symptomatic treatment if necessary.

Section 5 – Firefighting measures

5.1 Extinguishing media

Suitable extinguisher: Dry powder, foam or CO₂.

Not suitable extinguisher: Water.

5.2 Special hazards arising from the substance or mixture

Heated product can cause flammable and irritating gases. Carbon monoxide and carbon dioxide gases when burning.

5.3 Advice for firefighters

Use normal protective clothing for firemen according to the European standard BS EN 469, gloves (BS EN 659) and boots (HO specification A29 and A30) or equivalent requirements. Use self-contained open circuit positive pressure compressed air breathing apparatus (BS EN 137).

Section 6 – Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel and emergency responders: Use allergy-tested "low chemical resistant" protective gloves and safety glasses if necessary.

6.2 Environmental precautions

Prevent product spill to drains, sewer system, surface and ground water.

6.3 Methods and materials for containment and cleaning up

Clear spills immediately to avoid slipping hazard. Cover drains and eliminate product spill with warm water and absorbent material.

6.4 Reference to other sections

See Section 8 and 13 for personal protection equipment and disposal considerations.

Section 7 – Handling and storage

7.1 Precautions for safe handling

Prevent spill to avoid slipping hazard.

Prevent product spill to drains and surface and ground water.

Wash hands thoroughly after use.

Do not eat, drink or smoke when using this product.

Remove contaminated clothing and protective equipment before you come to an area where meals are taken.

7.2 Conditions for safe storage, including any incompatibilities

No particular recommendations, cool storage is to be preferred if possible.

7.3 Specific end use

Not relevant.

Section 8 – Exposure controls/personal protection

8.1 Control parameters

The substances in the product have no exposure limit values.

8.2 Exposure controls

Sensitive persons may use allergy-tested "low chemical resistant" protective gloves.
Use safety glasses if necessary if there is a risk of splashing.

See Section 6, 12 and 13 for environmental exposure controls.

Section 9 – Physical and chemical properties

9.1 Basic physical and chemical properties

a) Appearance (form and color)	White, paste.
b) Odor	Weak odor.
c) Odor threshold	Not available.
d) PH	Not available.
e) Melting point/freezing point	Not available.
f) Initial boiling point and boiling range	Not available.
g) Flash point	Not available.
h) Evaporation rate	Not relevant.
i) Flammability	Not available.
j) Upper/lower flammability or explosive limits	Not available.
k) Vapor pressure	Not relevant.
l) Vapor density	Not relevant.
m) Relative density	930 kg/m ³ .
n) Solubility	Soluble in organic solvents, not in water.
o) Partition coefficient: n-octanol/water	Not available.
p) Auto-ignition temperature	Not relevant.
q) Decomposition temperature	Not available.
r) Viscosity	Not available.
s) Explosive properties	Not relevant.
t) Oxidizing properties	Not relevant.

9.2 Other information

Not available.

Section 10 – Stability and reactivity

10.1 Reactivity

There are no known conditions that are likely to result in a hazardous reaction under normal conditions of use.

10.2 Chemical stability

The product is stable under normal conditions of use and storage.

10.3 Possibility of hazardous reactions

There are no known conditions that are likely to result in a hazardous reaction under normal conditions of use.

10.4 Conditions to avoid

Extremely high temperatures.

10.5 Incompatible materials

No incompatible materials are known at normal use.

10.6 Hazardous decomposition products

No hazardous decomposition products are known under normal conditions of use.

Section 11 – Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

- a) Acute toxicity
No hazards have been classified.
- b) Skin corrosion/irritation
No hazards have been classified.
- c) Serious eye damage/eye irritation
No hazards have been classified.
- d) Respiratory or skin sensitization
No hazards have been classified.
- e) Germ cell mutagenicity
No hazards have been classified.
- f) Carcinogenicity
No hazards have been classified.
- g) Reproductive toxicity
No hazards have been classified.
- h) Specific target organ toxicity – single exposure
No hazards have been classified.
- i) Specific target organ toxicity – repeated exposure
No hazards have been classified.
- k) Aspiration hazard
No hazards have been classified.

Information on the likely routes of exposure

May cause mild irritation in case of skin or eye contact.

Symptoms related to the physical, chemical and toxicological characteristics

No information is known.

Delayed and immediate effects and also chronic effects from short and long-term exposure

No effects are expected.

Numerical measures of toxicity (such as acute toxicity estimates)

No information is available.

Interactive effects

No information is available.

11.2 Information on other hazards

Endocrine disrupting properties

No information is available.

Other information

No information is available.

Section 12 – Ecological information

12.1 Toxicity

Not toxic for water organisms.

12.2 Persistence and degradability

Expected to be biodegradable.

12.3 Bioaccumulative potential

The product is not expected to bioaccumulate.

12.4 Mobility in soil

Not water soluble. Expected to be biodegradable.

12.5 Results of PBT and vPvB assessment

The product contains no PBT or vPvB substances.

12.6 Endocrine disrupting properties

Information not available.

12.7 Other adverse effects

No adverse effects are known.

Section 13 – Disposal considerations

13.1 Waste treatment methods

The product is not classified as hazardous waste. National and local waste management legislation must be complied with.

Waste treatment for the product can be composting or incineration. Waste treatment for clean packaging can be incineration or recycling.

Do not discharge to sewage disposal.

Section 14 – Transport information

This product is not dangerous under current provisions of the Code of International Carriage of Dangerous Goods by road (ADR) and by rail (RID), of the International Maritime Dangerous Goods codes (IMDG) and of the International Air Transport Association (IATA) regulations.

14.1 UN number

Not classified as dangerous goods.

14.2 UN proper shipping name

Not applicable.

14.3 Transport hazard classes

Not applicable.

14.4 Packing group

Not applicable.

14.5 Environmental hazards

Not applicable.

14.6 Special precautions for users

Not applicable.

14.7 Maritime transport in bulk according to IMO instruments

Not applicable.

Section 15 – Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

1907/2006 EC Regulation of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

1272/2008 EC Regulation of 16 December 2008 on classification, labelling and packaging of substances and mixtures (CLP).

The product does not contain any hazardous substances.

15.2 Chemical Safety Assessment

No chemical assessment has been processed for the product.

Section 16 – Other information

This version replaces Safety data sheet updated: New.

Reason for changes in updated SDS: New.
