Speed and safety in the shipyard

Better business with Roxtec

Maritime Industrial Services, MIS, in the United Arab Emirates provides the oil industry with a series of new F&G Super M2 offshore jack-up rigs.

The contractor has specified Roxtec cable and pipe transits to ensure cost-efficient production and long-term operational reliability. Roxtec solutions meet the various needs through the entire process. It is, for example, important to save time in all production phases.

Reasons for choosing Roxtec

- Local stock, quick deliveries
- Design and technical support
- Cost-effective installation
- High safety demands
- Multidiameter™ – adaptability to cables and pipes of different sizes through sealing modules with removable layers

“Being on time is everything, and Roxtec is a quick supplier. The seals are versatile and easy to use, and have the required certificates.”

Tom Hart, project manager of MIS

Project facts
